

Outdoor Activity Sheet. Spring 2020.  
Maths. KS1. Activity 1.

Look outside of your window for 15 minutes.

Record as a tally in the table below, how many of the following you see going past:

Here is an example of a tally chart:

Transport	Tally	Frequency
Walking		5
Bikes		3
Scooter		7

Transport	Tally	Frequency
Walking		
Bikes		
Scooter		
Pushchair		
Skateboard		
Car		

Can you record what you found in a pictogram?

A bit like this one:

Use the box below:

key:

What is the most popular method of transport?

What is the least popular method of transport?

How many more of the most popular did you see than the least popular?
