

Outdoor Activity Sheet. Spring 2020.  
Science. KS1. Activity 5.

Find a man-made object, (lamp post, gate, fence, chair, flowerpot etc...).

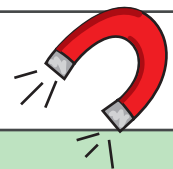

In the table below identify what it is and why this material is the best choice.

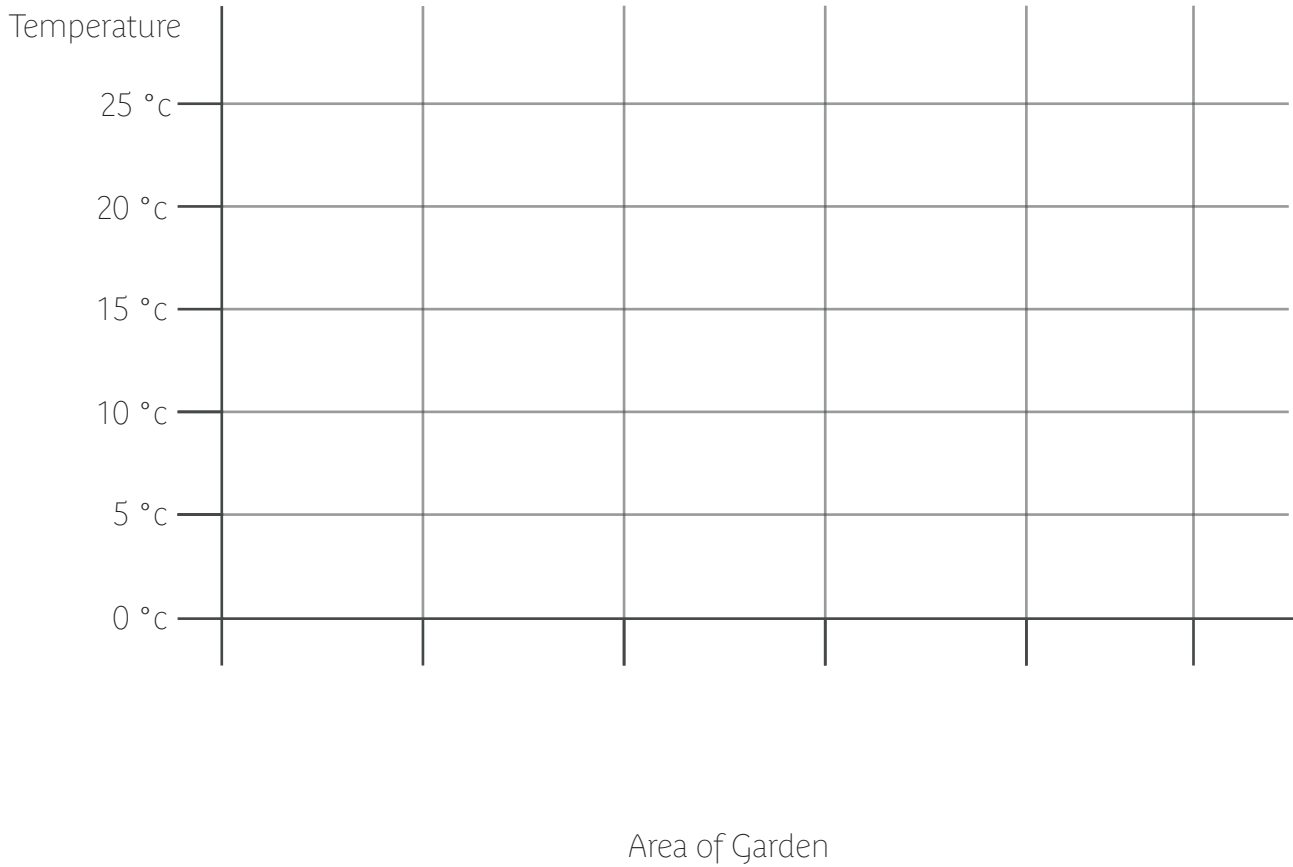

Object	What material is this made from?	Why is this best?	What else could be used?

Take a magnet see how many different objects in your garden are magnetic.  
Write them below:

Take a thermometer and record the temperature at different points in your garden.  
**Plot them on the graph below:**

**Where was the warmest?**

**Where was the coldest?**

**Why do you think this is?**
